CARDIOGRAM ORGANIZES YOUR MOBILE HEALTH DATA

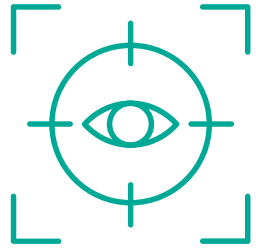

Company Vision

A vision statement describes where the company aspires to be upon achieving its mission. This statement reveals the “where” of a business -- but not just where the company seeks to be. Rather, a vision statement

Company Mission

A mission statement is, in some ways, an action-oriented vision statement, declaring the purpose an organization serves to its audience. That often includes a general description of the organization, its function

How We See The world

OUR VISION

A vision statement describes where the company aspires to be upon achieving its mission. This statement reveals the “where” of a business -- but not just where the company seeks to be. Rather, a vision statement describes where the company wants a community, or the world, to be as a result of the company’s services.
